

Functional Programming

Exercises Week 3

(for November 9, 2012)

1. Read Chapter 3 of the lecture notes.
2. Exercise 3.1
3. Exercise 3.2
4. Exercise 3.3
5. Exercise 3.5
6. Exercise 3.10

The following exercises are optional. Questions can be asked during office hours.

7. Exercise 3.8

Hint: The integers for daynames are not as described in the lecture notes. They start with Sunday, i.e., 0 = Sunday, 1 = Monday, ..., which is nicer to use.

8. Exercise 3.9
